

Take Care on the course

HOW many times have you yelled 'FORE!' during your golfing life? 'Too many to count' would be the general response.

The vast majority of the time, the only damage done after you have uttered these words is to your scorecard following an errant drive. But have you ever thought what the consequences might be if the unthinkable happened and that wayward shot caused someone a serious injury.

According to the Court of Appeal that heard a

County Court ruling in 1998, a cry of Fore! is no longer enough to absolve you from responsibility. They said: "Golfers are liable 'for shots that cause injury, no matter how slight the risk."

Tiger Woods may get away with signing a couple of gloves in return for his Nike ball rebounding off an unsuspecting spectator, but in today's compensation culture, the penalties could be far more severe for ourselves.

Research has shown that only one in 10 of us is covered by sufficient golf insurance, and that's why Golf Care offer a great range of packages.

Best of all, for a limited time you can get 25 per cent off all their selection of covers.

That means you can get the basic cover, which includes up to £5m worth of personal liability, as well as personal accident cover should you be on the receiving end, for just £22.49.

And with such a saving you can even afford to splash out on their Platinum policy, which costs less than £50, and will cover your equipment to the tune of £5,000 should it get lost, damaged or stolen.

However, one of the most important benefits to taking out any level of cover could be the reimbursement of up to £1,000 of your club subscription should you be rendered out of action.

Other policies can take care of a host of other eventualities like the loss of trophies, say, if you win the club championship and mislay it somewhere on the way home after over-celebrating!

Golf Care can even cover the hefty bar bill should you be lucky enough to land an ace.
